250 Years - Happy Birthday, USA!

We pray as we approach this upcoming Fourth of July, America's 250th birthday, that the real meaning of the Freedom we celebrate can get lost. Fifty-six men signed the Declaration of Independence. Their conviction resulted in untold sufferings for themselves and their families.

Of the fifty-six men, five were captured by the British and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army. Another had two sons captured. Nine of the fifty-six fought and died from wounds or hardships of the war. Carter Braxton of Virginia, a wealthy planter and trader, saw his ships sunk by the British navy. He sold his home and properties to pay his debts and died in poverty. At the Battle of Yorktown, the British General Cornwallis had taken over Thomas Nelson's home for his headquarters. Nelson quietly ordered General George Washington to open fire on the Nelson home. The home was destroyed, and Nelson died bankrupt. John Hart was driven from his wife's bedside as she was dying. Their thirteen children fled for their lives. His fields and mill were destroyed. For over a year, he lived in the forest and caves, returning home only to find his wife dead and his children vanished. A few weeks later, he died from exhaustion.

Our founding fathers' sacrifice was for the freedoms we enjoy today. Before the Declaration of Independence was written, their hearts and faith were already turning upward, relying on God. May our turn upwards, praying for our country to the Lord as our only sure foundation, for God to heal hearts, restore families, and draw the lost to Him. Have a blessed Fourth of July!

See you Sunday!
